

**CHOITHRAM SCHOOLNORTH CAMPUS**  
**LESSON PLAN-2**  
**SUBJECT - COMPUTER**  
**TOPIC- Computer Hardware and Software**  
**CLASS - III**

**BRIEF DESCRIPTION OF THE CHAPTER:**

Students will learn about

- ☞ Hardware
- ☞ Software

**LEARNING OBJECTIVES:**

**SPECIFIC OBJECTIVES:**

This lesson will enable the students to –

- SP1-** understand hardware with its example. (U)
- SP2-** understand software with its example and types. (U)
- SP3-** find the difference between system and application software. (Sy)
- SP4-** explore many examples of application software and system software. (U)

**BEHAVIOURAL OBJECTIVES:**

This lesson will enable the students to

- B1-** use the different types of application and system software also they find the difference between hardware and software in day-to-day life.

**ACTIVITIES – For the better understanding of the topic following activities will be conducted –**

- A1-**Children will be asked to create a list of hardware and software devices. (AP)
- A2-**Children will be asked to differentiate between System and application software through sort box in worksheet. (AP)

**WRITTEN WORK:**

After explaining the chapter-

- ☞ let the students do the course book exercises given on Pages 21 and Page 22 of the main course book as One Touch Learn and Let's Do It.
- ☞ tell the students to solve Crack the Code activity given on Pages 23 of the main coursebook. Help the students to solve these questions.
- ☞ In Creative Assignment, activity like Fun in Lab given on Page 23 of the main course book will enhance the ability of the students and serve as a subject enrichment activity.

## **ASSESSMENT:**

- Observation during the practical.
- To check the understanding of the topic, assessment will be conducted.

## **LEARNING OUTCOMES:**

Students

**L1-** will learn about Hardware and were able to explained it with example. (K)

**L2-** will learn about Software and were able to explained it with example (K)

**L3-** understand the types and software and its example. (U)

**L4-** understand the examples of Application software. (U)

**L5-** were able to differentiate between system software and application software. (Sy)

### **Placement of objective, Instructional Activities and Assessment**

Topic/Duration/ Assessment Topic: The Computer System Duration: 4 periods						
	Knowledge	Understanding	Application	Analysis	Synthesis	Evaluation
Objectives	<b>L1, L2</b>	<b>SP1, SP2, SP4, L3, L4</b>			<b>SP3, L5</b>	
Instructional Activities			<b>A1, A2</b>
